

PARTICIPATION OF VOLUNTEERS AND STUDENTS POLICY

Mandatory – Quality Area 4

To view the full version of this policy (including attachments); please speak to the staff at your early learning service.

Uniting Victoria and Tasmania Limited is the Approved Provider of children's services known in these policies as Uniting Early Learning.

Overarching Policy Statement:

The *Keeping Children Safe Policy* of the Uniting Church in Australia Synod of Victoria and Tasmania (refer to *Sources*) is the overarching whole of church policy to be implemented by individuals and entities involved with or connected to the Uniting Church. All children who are involved in any of the Church's activities, events or programs have a right to feel and be safe. The Church is committed to provide safe environments where children are cared for, respected, nurtured and sustained.

Policy statement:

Uniting Early Learning is committed to:

- supporting connections with educational institutions to provide opportunities for students to undertake practicum placements as part of their studies;
- building relationships with community members and providing suitable opportunities to engage volunteers to contribute to the programs and activities of the service;
- ensuring the health, safety and wellbeing of each child at the service through consistent compliance with this policy and procedures when engaging volunteers and students.

Purpose:

This policy provides guidelines for the engagement and participation of volunteers and students at the service, while ensuring that children's health, safety and wellbeing are protected at all times.

Summary of Procedures relating to this Policy:

Prior to commencing work at the service, all volunteers should be interviewed to ascertain their suitability for, and interest in, the tasks they will be undertaking, and to assess whether the volunteer's goals can be achieved. The interview process also provides an opportunity for volunteers to have their questions answered. Reference checks must be undertaken by the Approved Provider or a nominee of the Approved Provider, to confirm work abilities or character attributes. Good practice in volunteer management includes acknowledgement and recognition of volunteer contributions, and this can involve a mixture of formal and informal recognition strategies.

The Approved Provider of a centre-based service must keep details including: the full name, address, date of birth, date and hours of participation for each student or volunteer who participates at the service (Regulation 149). In addition to this students and volunteers should undertake an induction to the service and complete an induction checklist (see Attachment 3).

Scope:

This policy applies to the Approved Provider, Nominated Supervisor, Certified Supervisor, educators, staff, students on placement, volunteers, parents, children and others attending the programs and activities of the service.

The responsibilities of each party listed in the previous paragraph are noted at Attachment 1.

Background and Legislation:

Volunteers and students may participate in programs and activities at the service from time to time in order to observe and experience the provision of centre-based education and care. This will be encouraged and facilitated by the service wherever appropriate and possible.

Volunteers and students at a Uniting Early Learning centre can expect:

- a safe and well-managed workplace
- meaningful work experience with appropriate direction, supervision and training
- recognition for their contribution.

Uniting Early Learning values the participation of parents and other family members, and the voluntary contribution they make to the education and care of their own and other children. "In genuine partnerships families and educators value each other's knowledge and roles, communicate freely and respectfully and engage in shared decision making" (*Early Years Learning Framework*). Uniting Early Learning aims to provide a range of opportunities for family members, volunteers and students to participate in programs and activities while adhering to clear guidelines regarding appropriate interactions and communication with staff, and other adults and children at the service (refer to *Code of Conduct Policy*).

The role that volunteers play at the service will vary and can include working with groups of children, preparing materials or food, assisting with administrative tasks or working one-on-one with individual children. The children's service is responsible for ensuring that volunteers are suitable to work with children, and that children's health, safety and wellbeing is protected at all times.

Volunteers should only be engaged to complement, not replace, the work of paid staff. Accordingly, services should not engage volunteers to fill the place of an employee who is ill or on leave, or to fill a vacant budgeted position.

Volunteers must not be asked to perform tasks:

- that they are untrained, unqualified or too inexperienced to undertake
- that put the children or themselves in a vulnerable or potentially unsafe situation
- where there is a conflict of interest.

Prior to participation at the service, a volunteer (aged 18 years or over) must be in possession of a Working with Children (WWC) Check card, unless they are under the direct supervision of an educator who is over 18 years of age and holds, or is actively working towards, an approved diploma-level education and care qualification (Regulation 358) (refer to *Staffing Policy*).

It is a requirement under the *Education and Care Services National Regulations 2011* that the Approved Provider uses the staff record to document the details of all students and volunteers as listed in Regulation 149.

Attachment 2 contains a list of the legislation and sources relevant to this policy, including Acts and Regulations.

Evaluation:

In order to assess whether the goals and purposes of the policy have been achieved, the Approved Provider will:

- check staff records on a regular basis to ensure details of students and volunteers are maintained in line with all legislative requirements as outlined in the policy;
- regularly seek feedback from everyone affected by the policy regarding its effectiveness;
- monitor the implementation, compliance, complaints and incidents in relation to this policy;
- keep the policy up to date with current legislation, research, policy and best practice;
- revise the policy and procedures as part of the service's policy review cycle, or as required;
- notify parents at least 14 days before making any changes to this policy or its procedures.

Definitions:

The terms defined in this section relate specifically to this policy. For commonly used terms e.g. Approved Provider, Nominated Supervisor, Regulatory Authority etc. refer to the *General Definitions* section of this manual.

Conflict of interest: (In relation to this policy) refers to an interest that may affect, or may appear reasonably likely to affect, the judgement or conduct of the volunteer, or may impair their independence or loyalty to the service. A conflict of interest can arise from avoiding personal losses as well as gaining personal advantage, whether financial or otherwise, and may not only involve the volunteer, but also their relatives, friends or business associates.

Student: A person undertaking a practicum placement as part of a recognised early childhood qualification. This student will be supported by an educational institution in the completion of their placement.

Volunteer: A person who willingly undertakes defined activities to support the education and care programs at a children's service in an unpaid or honorary capacity. These activities may include direct contact with children, administrative tasks, or preparing materials or food.

Working directly with children: For the purposes of the National Regulations, working directly with children is defined as being physically present with children and directly engaged in providing them with education and/or care.

Working with Children (WWC) Check: The check is a legal requirement for those undertaking paid or voluntary child-related work in Victoria and is a measure to help protect children from harm arising as a result of physical or sexual abuse. The Department of Justice assesses a person's suitability to work with children by examining relevant serious sexual, physical and drug offences in a person's national criminal history and, where appropriate, their professional history. A WWC Check card, notice or document (valid for five years), is granted to a person under working with children legislation if:

- they have been assessed as suitable to work with children
- there has been no information that, if the person worked with children, they would pose a risk to those children
- they are not prohibited from attempting to obtain, undertake or remain in child-related employment.
